

IMPORTANT
information for
employees with
holiday cards

The use of holiday cards ends

The new Holiday Act coming into force means that the use of Holiday Cards will end.

Oktober 2018
Doc ID: 121289

Please note this change will begin to apply 14 days after you have received this letter.

For you, the employee, this means that you will no longer have to apply for holiday pay through eBoks or a paper-based Holiday Card.

For this reason, you can no longer use any Holiday Card you have already received to apply for holiday pay.

Instead, when taking holidays in future, you will need to log on Borger.dk to apply for holiday pay, using your NemID. Please note that this only applies to you if the company still owes you holiday pay.

You are always able to check your holiday balance by logging on Borger.dk.

You receive a letter from Feriengænginfo when your holiday pay is ready at Borger.dk/ferie. Then you can apply for payment.

At Borger.dk, you will also find a guide on how to apply for holiday pay:

Yours faithfully
